

Pertexa Healthcare Technologies and Orchestrate Healthcare Announce Their Collaborative Partnership for Expert Radekal Integration

Pertexa Healthcare Technologies and Orchestrate Healthcare announce a collaborative partnership to expertly integrate the nationally acclaimed Radekal productivity tools within major U.S. hospital systems.

April 25, 2016 – RIDGECREST, CA and CARBONDALE, CO – [Pertexa \(PHT - www.pertexa.com\)](#), an innovator in healthcare ingenuity, and [Orchestrate Healthcare \(www.orchestratehealthcare.com\)](#), a multi-year Best In KLAS award-winning leader in integration and interoperability consulting, announce today a collaborative partnership to rapidly advance the effective integrations of Pertexa’s flagship product, Radekal, into healthcare environments.

Radekal is a seamless multipurpose suite of technology tools for Physicians that increases productivity, reduces paperwork, and works on any platform and device. Radekal, with its Wrapper Approach, is widely recognized as the nation’s top Physician’s Productivity App with productivity gains of over 30%.

This partnership leverages Orchestrate Healthcare’s corporate commitment of maximizing integration achievement and minimizing disruption, while harnessing the innovative power of Radekal’s technology. This effective alliance will enable a more rapid expansion of Radekal into Physician’s hands, benefiting providers and most importantly, patients.

“We’re proud to support Pertexa in their efforts to deliver this highly beneficial Physician Productivity App (Radekal) to the fullest extent to major US hospital systems. Our vast pool of IT talent will help advance Radekal’s implementation to US healthcare customers in a short period of time. Working together, we can offer a solution at an affordable initial cost with an immediate positive impact on a hospitals’ cash flow and bottom line, and on patient and Physician satisfaction,” explains Charlie Cook, President of Orchestrate Healthcare.

“Orchestrate Healthcare stood out as a strategic partner for integration and interoperability after a detailed 3-month selection process. Their strong IT capability, broad expertise of technical services, and commitment to client satisfaction made them a uniquely positioned collaborative partner. Their leadership in expertly integrating Radekal into healthcare environments enables Pertexa to stay focused in continuing to create innovative software and hardware productivity tools for the US healthcare market,” shares Kishor Joshi, CEO of Pertexa.
